SENIOR DEVELOPERS

Company Description

RETABet Group is a company dedicated to sports betting, with more than 10 years of experience in the market and more than 400 employees.   We are currently in an expansion process, We believe in innovation and constant improvement of our platform, being the unique system in the market that allows the integration of all the activities of the exploitation of the sports bets. We take care of the entire production process, from the development of the software and the design and manufacture of the betting terminals to the integral management of the points that we currently have and the betting website RETAbet.es.   The basis of our success is in the dynamism and talent of our professionals.   For that reason, we want to incorporate proactive people into our highly qualified work teams. We seek professionals of technological development, customer service and management to help us grow.
