

**Company**  
**Description**

We are a cooperative enterprise, founded in 1961. We have extensive business experience in various sectors. Our commitment to innovation and business development has been the basis of our evolution, which has allowed us to offer a wide range of products and services.

We form a group under the ERREKA brand, divided into four separate business units with a high level of autonomy in their management, capable of having a growing presence in international markets.

Our commitment to quality, the environment and people's health and safety has led us to work in accordance with the most advanced and demanding standards.
