Main functions, requisites & benefits

Main functions

Join the SSI Group (Integrated Social Services Group S. Coop. By the acronym in Spanish). Reporting to the Head of Knowledge Transfer, you will be responsible for presenting the proposals for R & D and Innovation projects of a Social & Health nature for the regional and European official calls. You will be responsible for coordinating the approved projects, implementing the pilot tests and justifying them.

Requisites

You will have university degree or doctorate in social or health sciences. You also need previous experience of at least 3 years in the management of the complete life-cycle of R & D and Innovation projects as well as in the tasks described. You will demonstrate a minimum level of B2 in English and you will need to travel. It will also be valuable that you have previous knowledge in gerontology and in the Social & Health sector as well as in Basque and European scientific, technological and business ecosystem.

Benefits

Join a consolidated company of the Social&Heald area in Bizkaia.
