

Company Description

Lantek is the global leader providing software systems and solutions to companies manufacturing parts with sheet metal, tubes, and structural steel. From small workshops to international multi-plant corporations, Lantek systems are present in every kind of industrial factory. Lantek is a key partner in Digital Transformation for metal processing companies. We help our customers to achieve their Industry 4.0 goals with leading products and services, provided in an open multivendor platform. Lantek has more than 25 years of experience and more than 200 professionals spread around the world. Our offices are present in more than 15 countries worldwide, besides a significant presence in Spain, where HQ located. If you want to join a young, dynamic and expanding corporation, working in a sector with a great potential for development on a global level which, at the same time, offers real and attractive possibilities of both personal and professional growth, here you have your best opportunity!!
