

POSTDOCTORAL FELLOWSHIP IN "HYBRID MATERIALS FOR PHOTOVOLTAICS"

Company Description

A Postdoctoral Fellowship in Chemistry (8 months) is available in the Hybrid Materials for Photovoltaics Group directed by Prof. Dr. Juan Luis Delgado at POLYMAT, Basque Center for Macromolecular Design and Engineering (http://www.polymat.eu/en/group materials-for-photovoltaics).

Applicants must have a PhD (or equivalent) in Chemistry with extensive and proven research experience in Organic Synthesis, and proven experience in the preparation perovskite-based solar cells. Good command of written and spoken English is a must (if preselected, a telephone interview will be carried out before any other appointment is made). The selected candidate is expected to conduct research, write reports, and papers.

Applications should be addressed to Prof. Dr. Juan Luis Delgado and sent via email in one single PDF to juanluis.delgado@polymat.eu before the 02/10/2019 (applications will be considered upon arrival) including: (i) a cover letter highlighting their interest in the position. (ii) curriculum vitae. (iii) a description of previous research (1-2 pages). (iv) the names and contact addresses (e-mail) of two academic referees.

Please note that because of the large number of applications expected, we will not be able to give individual feedback to
