Company

Developair Technologies

Main functions, requisites & benefits

Main functions

Developair Technologies is building a team of experts in the fields of Artificial Intelligence and Software Engineering, with a passion for technology who would like to grow in an innovative culture. We are currently looking for someone with Software Development capabilities, who is motivated by working with innovative technology in a collaborative environment. Main Job Responsibilities: Design, develop and maintain the algorithms, products and software solutions of the company. Collaborate with external technology partners: universities and research centers. Participate in product management activities to define the product roadmap of the company.

Requisites

It would be desirable for you to meet some of these requirements: A PhD or Master's degree in engineering, mathematics or similar. Experience in Python programming. Knowledge about formal verification methods. Experience developing Embedded Systems. Experience in Matlab/Simulink. Fluency in English. It is essential to bring: Desire to learn continuously and ability to learn quickly. Proactivity. Teamwork skills.

Benefits

OPPORTUNITY TO WORK IN CUTTING-EDGE TECHNOLOGIES: At Developair Technologies we develop solutions based on state-of-the-art technologies and apply them in an innovative way to solve our clients' problems. Therefore, you will have the opportunity to learn and apply technologies from fields such as Artificial Intelligence **CONTINUOUS TRAINING OPTIONS:** Nowadays technology evolves very quickly, leaving our knowledge out-dated. At Developair Technologies, we make sure to keep ourselves updated at a technological level, and therefore training our employees is a priority **OPPORTUNITIES FOR PROFESSIONAL DEVELOPMENT:** We offer you the opportunity to work on appealing challenges, and grow as a professional in an innovative environment, with great freedom of action and with the real possibility of promoting your responsibilities as the company grows **INTEGRATION IN A DIVERSE AND DYNAMIC TEAM:** We value proactive people who like working as a team, and we want them to feel fulfilled. That is why maintaining a good atmosphere in our workplace is key for us, and that is why we foster collaboration, autonomy and respect **INTERESTING WORKING CONDITIONS AND SALARY:** We value and provide flexibility, and we propose interesting salary offers that depend on the specific profile.
