Company

Main functions, requisites & benefits

Main functions

A PhD Fellowship in Hybrid Block Copolymers for Energy Storage is available at the Basque Center for Macromolecular Design and Engineering, Those with experimental and communications skills, and enthusiasm for research and innovation are encouraged to apply.

Requisites

Applicants must have a BSc and MSc in Chemistry or similar with a strong background in Polymer Science, Materials Science and Electrochemistry.

Benefits

POLYMAT has obtained the 'HR Excellence in Research Award'. The award reflects our commitment to continuously improve our human resource policies in line with the European Charter for Researchers, the Code of Conduct for the Recruitment of Researchers and our commitment to achieve fair and transparent recruitment and appraisal procedures.
