BCAM

**Main functions, requisites & benefits****Main functions**

This programme is devoted to attracting talented Early-Stage Researchers—of any nationality—who wish to pursue doctoral studies in Spanish or Portuguese territory, and it's sponsored by "la Caixa" Foundation. Please, follow the instructions in each of the different frames of the programme.

Requisites

The programme is divided into two different frames: Doctorate INPhINIT Incoming: 35 PhD fellowships: Candidates must have resided or carried out their main activity in Spain for less than 12 months in the last 3 years. Doctorate INPhINIT Retaining: 30 PhD Fellowships: Candidates must have resided or carried out their main activity in the same country, either Spain, or Portugal, more than 12 months in the last 3 years.

Benefits

Fellows enjoy a 3-year contract in a stimulating research training environment, with access to appropriate equipment, facilities and opportunities. Among other elements, these fellowships offer a highly competitive salary and complementary opportunities for training on transferable skills. As a Severo Ochoa Center of Excellence, the BCAM offers 6 PhD fellowships, on the following topics: Mathematical Physics, Mathematical Modeling, Data Science, Computational Mathematics, Artificial Intelligence and Analysis of Partial Differential Equations. If you wish to apply for one of the positions offered at BCAM, but have doubts about the process, visit our website and don't hesitate to contact us in recruitment@bcamath.org.
