

## Company Description

BCAM is the research center on applied mathematics created with the support of the Basque Government and the University of the Basque Country, which aims to strengthen the Basque science and technology system, by performing interdisciplinary research in the frontiers of mathematics, talented scientists' training and attraction, so the excellence of our results are recognized by the Society.

## Information

 Deadline: 2021-02-15  
 Category: Business  
 Province: Bizkaia

 Country: Basque Country  
 City: Bilbao

## Company

BCAM

## Main functions, requisites & benefits

### Main functions

Postdoctoral Fellowship in Modelling with Partial Differential Equations in Mathematical Biology: This Joint Lab aims to promote research collaborations in hot topics such as Machine Learning Methods and PDEs, and thus reinforce existing research areas and generate synergies, mainly in the Mathematical Biology area. Fluency in spoken and written English.

### Requisites

Fluency in spoken and written English. Applicants must have their PhD completed before the contract starts. PhD preferable in Mathematics.
