Company

BCAM

Main functions, requisites & benefits

Main functions

The "BCAM Severo Ochoa Strategic Lab on Trustworthy Machine Learning" is held together with Dr Novi Quadrianto at the University of Sussex. This Joint Lab aims to promote research collaborations in topics such as algorithmic fairness under uncertainty in a static setting, and transparency in algorithmic fairness, and thus reinforce existing research areas and generate synergies.

Requisites

Promising Young Researchers. Applicants must have their PhD completed before the contract starts. PhD degree preferable in Machine Learning or related fields.
