**Main functions, requisites & benefits****Main functions**

DeustoTech is looking for established researchers with 8 to 12 years of postdoctoral experience in any of the following areas: Artificial Intelligence: Machine Learning, Deep Learning, Reinforcement Learning, Data Science, Predictive Analytics, Optimization, Natural Language Processing, ... Pervasive Computing: Internet of Things/People, Human Computer Interaction, Collaborative Robotics, ... Advanced Computer Systems: Quantum Computing, Blockchain, Edge Computing, High-Performance Computing, ... This permanent position is directed to researchers willing to develop a long-term scientific career at DeustoTech and are expected to perform independent research, capable of attracting competitive funding and leading their own research lines. This call is implemented through the Ikerbasque Permanent Positions Call 2021.

Requisites

Applicants should have completed their PhD before January 2013. Excellent written and oral English language skills are required. Only researchers with a solid research track and international research experience will be considered. Researchers with a permanent position in the Basque Country are not eligible under this call. Applications from women are especially welcome.
