

Company Description

Vidrala is a consumer packaging company. We make glass containers for food and beverages products and offer a wide range of packaging services that include logistic solutions and beverages filling activities. Our industrial knowledge, growing geographical presence, glass manufacturing expertise, level of service and understanding of customers' processes make us a business partner for many of the main food and beverages brands. We choose glass more than 3.700 people in Vidrala every day and we are present in 8 plants in Europe.
