

## Company Description

A PhD Fellowship in Chemistry is available in the Catalysis and Sustainable Group (<https://haritzsardonlab.com/>) at the Basque Center for Macromolecular Design and Engineering, POLYMAT Fundazioa ([www.polymat.eu](http://www.polymat.eu)), in collaboration with ORIBAY Group Automotive (<https://oribay.com>). The focus of the PhD is on the development of methods for on-demand on/off adhesion by using covalent adaptable networks. The goal is to design materials with strong adhesion and at the same time on demand tackiness.

## Information

 **Deadline:** 2022-06-30  
 **Category:** Academia  
 **Province:** Gipuzkoa

 **Country:** Basque Country  
 **City:** Donostia - San Sebastián

## Company

Polymat

**POLYMAT**

 Macromolecular Design and Engineering

## Main functions, requisites & benefits

### Main functions

No available data

### Requisites

Applicants must have a BSc and MSc in Chemistry with a strong background in Organic Chemistry, and previous experience in polymerization. Good command of written and spoken English is a must (if preselected, a telephone interview will be carried out before any other appointment is made). The selected candidate is expected to conduct research, write papers, and deliver a PhD thesis.

### Benefits

Temporary contrac full time
