

Company Description

IDOM describes itself as an Association of Professionals working in the areas of Engineering, Architecture and Consulting on projects that contribute to a more sustainable world. The ownership structure of IDOM creates a culture of engagement, to offer the best service for the client, while its people develop on both a professional and personal level. Therefore, IDOM's most important assets are the expertise and experience of its people. Highly qualified and skilled professionals, deeply united, working within a framework of professional liberty and integrity, with a strong commitment to progress, development, quality service and innovation. Since its foundation in 1957, the company has grown steadily and is now a multidisciplinary and integrated multinational organization, with more than 4,300 people working in over 130 countries. Are you ready to take the next step? If you join our TEAM, you will have the opportunity to develop your career to the highest level, in an environment of respect and professional integrity. If you share our philosophy and want to be part of our company, send us your CV. We are looking forward to meet you!
