

Company Description

BC3 is a Research Centre on the causes and consequences of climate change. Led by one of the most recognized scientists in the Climate Change field -Prof. Maria José Sanz, we produce multidisciplinary knowledge to support decision making towards sustainable development at the international level. With a multidisciplinary team, connected to the main scientific institutions, networks and socio-economic agents, for a decade, our contribution to research of climate change and to the science-policy interface puts us in a unique position to offer knowledge, tools, new methodologies and cross-cutting proposals, that we lead towards action in a collaborative framework with stakeholders, to design and help implement policies aimed at sustainable development.

BC3 Basque Centre for Climate Change

Main functions, requisites & benefits

Main functions

The Basque Centre for Climate Change (BC3) offers a full-time Project Manager Position on the MAIA Project. MAIA is a Horizon Europe Coordinating Support Action (GA 101056935), funded by HORIZON-CL5-2021-D1-01 coordinated by BC3. MAIA will act as an impact multiplier by providing social structures, technological and outreach activities to accompany, potentiate and help maximise the impact of climate research projects funded under Horizon Europe. More information on the project can be found at <https://maia-project.eu/>. Job Description: To support BC3 in the coordination and management of the entire project we are looking for a Project Manager who can support the Coordinator and the consortium in the management and coordination tasks. Key Responsibilities: To support the Scientific Coordinator in the Strategic Management of the project and technical discussions. To manage financial and administrative project at the consortium level. To focal contact point between the Coordinator, the Partners and the Commission. To manage interactions with internal and external specialists on technical, ethical and legal aspects, communications, and with the external advisory board. To organize roject meetings, including financial and administrative aspects. To take part in International travelling and participate to consortium meetings when required.

Requisites

Main Requirements/Skills: Master or PhD Degree. Experience in Project Management with international consortiums. Excellent Project Management skills related to finance, administration and communication. Ability to coordinate teamwork and interact with a broad range of scientific and policy stakeholders at European level. Experience in R&D EU projects, knowledge of H2020 and Horizon Europe Programme. Excellent interpersonal and communication skills. Excellent written and oral command of English.

Benefits

Interdisciplinary and inspiring work environment. 35 hours week work calendar. 30 days of vacation per year.
