

Company Description

At Sibelco, we advance life through materials. We are a global leader in sourcing, transforming, and distributing industrial minerals, powering progress across diverse industries such as glass, ceramics, construction, coatings, and polymers. For over 150 years, our commitment to sustainability and innovation has made us a trusted partner to customers worldwide. Join us in shaping the future. Are We the Perfect Match? At Sibelco, we believe that building a successful career is a two-way journey. We're looking for individuals who share our values and vision, just as much as you're seeking a company that aligns with your aspirations. Together, we can make a meaningful impact.

Main functions, requisites & benefits

Main functions

Are you passionate about Pricing Strategies and Data Analysis? Join our team as a Pricing Specialist and play a crucial role in optimizing pricing performance and supporting strategic decision-making! As the Pricing Specialist, you will play a crucial role in overseeing the pricing health of our operations and projects. Your main goals will include ensuring accurate pricing reporting, optimizing pricing structures, and supporting strategic decision-making processes. Your Responsibilities include, but are not limited to: Pricing Review Cycle: Act as the primary point of contact for the yearly price review cycle, ensuring seamless communication and collaboration between teams. Pricing Performance Monitoring: Analyze monthly pricing evolution, tracking pricing performance against targets. Periodical Reporting: Prepare and present regular pricing reports to senior management, highlighting key pricing metrics, variances, and trends. Compliance and Governance: Ensure adherence to pricing policies, procedures, and regulatory requirements. Pricing Analysis: Conduct detailed pricing analysis to support business decisions and evaluate different scenarios from the cost benefit perspective.

Requisites

To be successful in this role, you have: Experience: A minimum of 3 years of experience in pricing, business analytics, or supply chain pricing/cost analytics. Skills: Strong analytical and problem-solving skills, with the ability to interpret complex pricing data. Proficiency in visualization and pricing tools (Power BI or Python are an assets). Statistical analysis is desirable. Certifications: A relevant professional certification in pricing or financial management is highly desirable. Fluency in English: Excellent written and verbal communication skills in English are essential. Decision Making: Demonstrated ability to make informed and timely decisions, balancing pricing considerations with strategic objectives. Personal Integrity: High ethical standards and personal integrity, with a commitment to maintaining confidentiality and transparency in pricing matters.

Benefits

Hybrid working conditions. This is a hybrid role, so, you can expect to be in the office two to three days a week as required and should live within a commuting distance to the office. Flexible schedule. It is an opportunity for you to join a truly growing global business. Other benefits will be discussed at the interview stage. We have set clearly defined sustainability priorities and targets, with key environmental and social objectives, which include Health & Safety, Climate & Energy, Community Engagement, Human Rights and Business Ethics. Join us at Sibelco and contribute to the financial success and strategic growth of our pricing department. Apply today to be part of a dynamic and forward-thinking team!
