## Main functions, requisites & benefits

### Main functions

Are you a tech-savvy problem solver with a passion for Procurement systems? Join our team as a Solution Architect – Procurement and help shape the future of our global IT landscape! We are seeking an experienced and strategic-minded Solution Architect to lead the design and implementation of technology solutions within the Procurement domain. In this key role, you will ensure that IT solutions meet business needs, align with our technology roadmap, and support our global operations. In the role, your responsibilities will include but are not limited to: Lead the architecture and deployment of scalable, secure Procurement IT systems and solutions. Collaborate with stakeholders to translate business requirements into effective technical designs. Oversee technology vendors and manage related contracts and budgets. Provide technical leadership and mentorship, including coaching of the Solution Analyst. Ensure solutions meet compliance, security, and performance standards.

### Requisites

To be successful in this role, you have: At least 5 years of experience in solution architecture and implementation within Procurement. Solid expertise in SAP, Mendix, Zycus, Pagero, and data tools like Power BI. A Master's degree in IT or equivalent experience, with relevant certifications preferred. Strong leadership and collaboration skills across technical and business teams. Excellent English communication skills, with a high level of integrity and decision-making ability. Join us at Sibelco and contribute to optimising our Procurement technology landscape. Apply today to be part of a forward-thinking, globally connected team!

### Benefits

Hybrid working conditions and flexible schedule. It is an opportunity for you to join a truly growing global business. Other benefits will be discussed at interview stage. We have set clearly defined sustainability priorities and targets, with key environmental and social objectives, which include Health & Safety, Climate & Energy, Community Engagement, Human Rights and Business Ethics.
