Main functions, requisites & benefits

Main functions

Are you a strategic leader with a passion for driving operational excellence through technology? Join us as an Operations & Plant Maintenance Product Group Lead and play a key role in transforming our global IS landscape!

We are looking for a dynamic and experienced Product Group Lead to oversee our Operations & Plant Maintenance IT initiatives. In this global role, you'll lead strategic planning, project execution, and the alignment of business needs with robust digital solutions. In the role, your responsibilities will include but are not limited to: Lead and manage large-scale IT projects in the Operations & Plant Maintenance domain. Align technology solutions with business goals, driving efficiency and performance. Manage vendor selection, contracts, and multi-million euro budgets with accountability. Lead and develop a high-performing team, fostering collaboration and growth. Ensure compliance with financial regulations and internal controls across all activities.

Requisites

To be successful in this role, you have: A Master's degree (or equivalent experience) in Business, IT, Engineering, or a related field. Proven experience in managing complex IT projects and cross-functional teams. Strong background in SAP PP/PM, Mendix, MES, Thermofisher LIMS, and Power BI tools. Excellent project management, financial oversight, and vendor negotiation skills. Fluent English communication skills and a commitment to integrity and results. Join us at Sibelco and be part of a purpose-driven organization committed to innovation, sustainability, and operational excellence. Apply today to lead impactful change on a global scale!

Benefits

Hybrid working conditions and flexible schedule. It is an opportunity for you to join a truly growing global business. Other benefits will be discussed at the interview stage. We have set clearly defined sustainability priorities and targets, with key environmental and social objectives, which include Health & Safety, Climate & Energy, Community Engagement, Human Rights and Business Ethics.
